

Young Scientists' Retreat - Bergen 2008

Funded by the MCB Research School

Thursday May 22nd 2008 at 12 pm - 6 pm (+ dinner)
Sydneshaugen Skole

AIM: to create a network of scientific and social interactions among PhD students and Post Docs

The Retreat is open to all PhD students and Post Docs at the Dept. of Molecular Biology, Dept. of Informatics, Dept. of Biomedicine, the Sars center and the CBU.

This is an opportunity to get together in an informal setting to discuss science! Exchange ideas, update networks and engage in the key issues and challenges you face.

Short and informal talks (12 min + 3 min discussion) will be given by the participants. All participants must submit an abstract (max 250 words). An abstract book with abstracts from all participants will be created. The content of the abstract/presentation is free of choice (e.g., overview/review, technology, future aspects, impact on society, background and research plan). 12-15 talks will be drawn from the pool of submitted abstracts 2 weeks before the retreat. Note that PhD students who started their work recently are particularly welcome to present background and/or plans for their projects.

Deadline for Registration: April 15th
Deadline for Abstract Submission: May 1st

Registration: Send your name and affiliation to: stale.ellingsen@mbi.uib.no.

Abstract submission: Send abstract to the same address as for registration.

The retreat is funded by the MCB Research School and is **free of cost** for the participants.

Tentative Program:

| | |
|---------------|-----------------|
| 12:00 - 14:00 | Talks |
| 14:00 - 14:30 | Coffee/break |
| 14:30 - 16:30 | Talks |
| 16:30 - 17:00 | Coffee/break |
| 17:00 - 17:45 | Keynote Lecture |
| 19:00 | Dinner |

Don't miss this opportunity to create a network of scientific and social interactions with other PhDs and Post Docs!

Best regards from the committee:
